## Joanna Foundation Grant Report- Summary of Impact for Lowcountry Maritime School

In June of 2023, Lowcountry Maritime School received \$2000.00 in funding from the Joanna Foundation in support of our student boatbuilding programs. Funding was applied to the purchase of materials for our 2023-2024 school year programs, specifically marine plywood lumber that forms the bottoms and sides of the boats we build. For the current school year, we are active in 7 local schools building 18 boats with over 200 students involved in our programs. Students in our programs learn the basics of woodworking and tools use while receiving instruction in our STEM curriculum.

Thanks to the Joanna Foundation for your support of Lowcountry Maritime School as we seek to fulfill our mission to inspire the Lowcountry's young people to reach their full potential through boatbuilding and exploring maritime culture.
