Section 3. Summary of Impact

Separately, using software of your choice, write a concise summary of how the grant helped achieve the objective of the request. For example, you may mention activities to date, progress toward milestones, participation by volunteers, partners or audience members, and/or significant achievements. You may use metrics to show change or anecdotal examples to illustrate impact. You may use bullets or lists. Describe the difference that The Joanna Foundation grant made to your organization in this time frame. We recommend one page of text or less. You may add items that showcase your work, such as a photo, graphic, chart, media article, testimonial, or link to a short video.

When you are satisfied with your draft, save your Summary of Impact in pdf format, attach any additions, insert your material after this page, and submit the combined file (consisting of this 2-pg form + your materials) as a single pdf file.

Section 3. Summary of Impact

Without support from The Joanna Foundation for our advocacy work, we would not have accomplished our targets for the year related to our Bridge the Ashley campaign. The Joanna Foundation's funding covers our time and research to ensure widespread support (and ultimately installation) of safe Ashley River crossings.

2023-24 Bridge the Ashley milestones:

1. Ashley River Bicycle & Pedestrian Bridge contract awarded, construction underway — the contract was awarded in late 2023. Construction was delayed but will start November 2024. Ceremonial groundbreaking took place late 2023.
2. Work with governments to submit grant applications and develop connections/wayfinding related to Ashley River Bridge — wayfinding installed summer 2024, worked with city staff to design Bee Street connection and Greenway/Bikeway connection.
3. Grant applications and connections for Better North Bridge — working with county and city on designing West Ashley connections, working with city to protect Baker Hospital site connection, worked with county to submit federal grant application (not selected but received high marks, so easy to submit again).
4. Increased grassroots and legislative support for Ashley River Bridge and Better North Bridge — increased action alert subscribers by 700, conducted twelve tabling events, earned at least three favorable council body votes.
5. Folly Road and Maybank Highway connectivity projects to Wappoo Cut Bridge are funded, designed, and two have gone out for construction bids.
6. Our recent Ashley River Bridge petition generated 338 signatures in support of a connection to the Medical District.
7. Hundreds of bicycle riders joined us for Ride of Silence over the North Bridge.
8. We collected 200 support letters for the Better North Bridge federal grant application.
