The Joanna Foundation Grant Report Summary of Impact: The Nest Maternity Home

By covering utilities, internet, and some supplies for a year, The Joanna Foundation grant helped to keep The Nest open for pregnant and new moms in need. With The Joanna Foundation's partnership, SOUL empowered two moms through The Nest Maternity Home this year.

One mom went from living on the street, to living in a hotel with SOUL's help, to staying in The Nest. She got a remote job, and worked hard to save for her next step. SOUL provided support, mentoring, case management, and life skills courses during this time. When it was time to deliver the baby late at night, her staff mentor at SOUL talked her through until her transportation to the hospital arrived. She and her baby returned to The Nest together. Because she was supported through her pregnancy, she was able to move out on her own quickly. She reported to her mentor that her life is better now than it has been for a long time.

The second mom needed a transitional living situation between homes. During her stay in the Nest, she and her mentor discussed nutrition and healthy relationships, and helped connect her with needed services to aid in her transition to her home.

We are currently assessing a mom as our potential next client to enter the program, and making preparations to allow pregnant/postpartum moms with additional children to stay in The Nest.
